**DESCRIPTION**

The PVC Trolley "CLEAN TO GO" is made of PVC with two doors and three shelves. With a dimension of 165x85x205cm, it allows the correct cleaning of several articles at the same time, it only needs to be connected to a water tap. Easy to transport (4 swivel wheels, 2 with brake), the trolley is supplied with 5L of disinfectant liquid and hose connection accessories (hose not included). Available in White, Beige and Gray.

**FUNCTION**

With the objective of ensuring the correct hygiene of all the material necessary for swimming, the PVC Trolley "CLEAN TO GO" was developed for the disinfection of material through the use of nebulization / spraying, guaranteeing the easy disinfection of the articles in 1 min. With acrylic protection for better washing performance, it includes an external washing gun for larger objects.
